

Brivo Access Training

Brivo Access Training is specifically designed for the system administrator and/or operator—to help ensure that you get the most from your investment.

A Brivo Specialist will check that your system is set up and operating properly, and walk you through common features, including:

- ✓ Event Tracker
- ✓ Device Management
- ✓ Administration & Permissions
- ✓ Credential Management
- ✓ User Management
- ✓ Groups
- ✓ Schedules
- ✓ Activity Reports
- ✓ Notifications
- ✓ Journals
- ✓ Support Resources

PLUS! Learn more about Brivo's advanced security features, including:

- ✓ Single Sign On
- ✓ Identity Connector
- ✓ Mobile Entry
